Video Streaming Service License Agreement

Affinity Consulting and Training Inc. (ACT) through Inscape Publishing, Inc., agrees to offer Video Streaming to the client named below. A separate Video Streaming License Agreement is required for every Inscape product and for every end user client for which video streaming is desired. The terms of this service are as follows:

1. Upon acceptance of the Agreement, ACT will provide a link to a web page for each video segment in the product specified, and the video will be streamed from that web page. The page for each video link will include the company’s logo or name, and users will view the video from that web page.
2. The client must purchase a minimum of one Facilitation Kit for each video license desired.
3. Client agrees to pay a one-time set-up fee of $247 for each Video Streaming License. This set-up fee includes putting the client’s company name and logo on the web page providing the video stream.
4. Within ten working days of the receipt of this signed Agreement, company logo, and payment of the set-up Fee and first month fee (total $344), the video links will be provided to the client.
5. Client agrees to pay $97/month for each Video Streaming License thereafter, using a valid credit card provided to ACT Inc. Payment will be collected each month for the duration of the license.
6. Client agrees not to resell the video stream or use it without the use of the corresponding DiSC® profile(s)
7. Videos remain the property of Inscape Publishing Inc.
8. No credit will be given for partial month usage.
9. ACT Inc., reserves the right to increase charges and fees, or to institute new charges or fees at any time, upon reasonable advance notice.
10. Because this Video Streaming service is provided by a third party vendor and relies on the public Internet, ACT Inc. does not warrant availability, merchantability, or consistency of video quality.
11. Either party may terminate or cancel this license at any time by providing notice in writing (there will be no refunds for partial months of service.) Upon cancellation or termination, ACT Inc. will deactivate the user account and all related information and/or files. Reinstatement will require a new Video Streaming agreement, but no set-up fee will be charged.
